Dear Sir/Madam,

Jafza is conducting a study to quantify the contribution that we as a Free Zone alongside our customers have made to the country's economy. Because Jafza's contribution is a sum of the contribution of each customer that makes up the zone, we seek your participation in providing information that will be invaluable for this exercise.

We have asked PricewaterhouseCoopers LLP (PWC) to assist us in gathering your views and interpreting the contribution made by the Free Zone to the economy. Within the next two weeks, you will receive a short survey questionnaire and we would be grateful if you participate in the survey. The survey will be sent through Jafzmail, fax and will also be available at the Ahlan reception in our service center in LOB 14. You may also receive a call from PWC in this regard, and your cooperation will be truly appreciated.

Please be assured that all information will be treated in the strictest of confidence. Whilst we will not refer to any specific responses, we will publish a high-level report of our findings, a copy of which will be made available to you.

Yours sincerely,

**Jafza**
