# Tyres Distribution Hub

One of the world's largest automotive major manufacturing tyres in 179 facilities across 25 countries, chose Dubai as their regional headquarter and distribution hub. With benefits offered by the ecosystem, regulatory environment and expertise, Jebel Ali Port and Free Zone continues to nurture industry growth.

# Spare Parts Manufacturer

One of world largest OEMs of automotive wire harnesses, electrical and electronic components, with over 50,000 employees across 40 Locations setup an OEM plant in JAFZA.

Their choice of location allowed them to take advantage of Low manufacturing cost, ample labour force, customer friendly policies and faster connectivity using Jebel Ali Port.

**Jebel Ali's integrated port and logistics ecosystem is a one-stop-shop for Automotive Trade**

Reduced lead time & operational costs

Higher delivery reliability - efficient logistics hub

Market-within-a-market ecosystem - network of buyers and sellers
